Policy:	Hyaluronic Acid Injections for Osteoarthritis	GM Ref:	GM037		
First issue date:	June 2014	Current version:	3.0	Last reviewed:	May 2017

Policy inclusion criteria

Hyaluronic acid injections are not routinely commissioned for osteoarthritis, particularly osteoarthritis of the knee.

Funding mechanism: An individual funding request can be made if there is a good case for clinical exceptionality. Requests should be submitted with all relevant supporting evidence, which must be provided with the request.
